She'll be OK
By Alexis Sturgeon

She'll Be Okay details the worries of parents concerned about influence on college campuses by subculture groups toward their traditionally raised daughter.

She’ll be OK
Our daughter’s college application is almost finished, except the invisible box hasn’t been checked yet.

She might get stuck with a Lesbian, God forbid she room with a sick and twisted Lesbian who might warp her mind and send her to a World capsulated in disease-rotted by unacceptable behavior.

Because it’s true you know they wake up everyday with an inclination to seek out sexless women and touch them, mar them.

What if she sees this other world this side of humanity that sickens us normal people.

What if she’s manipulated into thinking these puke putrid ways of living are acceptable, God forbid she get stuck with a Lesbian.

We’re sweetly laid comfortable in a warm and cozy bed sound and satisfied because we found at thirteen,

collaged young men kissed the cover of her diary

The words “I love DJ, wish he was mine”

set these night-mared minds to rest I know don’t sweat it she is our million dollar masterpiece our girl, fit to be presented

God made Adam

God made Eve

The others are not well and help is their final destiny don’t worry

As long as straight is carved on her forehead check the invisible box She’ll be OK

She’ll be alright.
